### And Russians Evacuate Same After Burning their Stores

### Russians Must Cut Way Out or Surrender—Fierce Fighting

SPECIAL TO THE DAILY DISPATCH:

St. Petersburg, March 16, 10:18 a. m.—Today's dispatches from the front show Field Marshal Oyama striking another serious blow at the defeated Russian army. The Japanese columns have worked around Tie Pass and desperate fighting occurred eight miles north. This move compelled Kuropatkin to evacuate his strong position at Tie Pass after burning stores. The Russians must now cut their way out or be surrounded.

## JAPS OCCUPY TIE PASS

KUROPATKIN'S TROOPS OUSTED FROM STRONG POSITION BY THE ISLANDERS.

ADOPTS FLANKING TACTICS

FIELD MARSHAL OYAMA AGAIN TRYING TO SURROUND THE RUSSIAN FORCES.

A brief dispatch from Newchwang, unconfirmed from any other source, says the Japanese occupied Tie pass Wednesday at midnight. No details are given and it is not known what losses, if any, preceded the occupation of this important position by the Japanese. Even if the Russian army should escape the enveloping wings of Oyama's armies, it will still be in danger of annihilation, as it is reported to be almost destitute of transports, artillery and supplies and after being ousted from the strong position at Tie pass faces a difficult and dangerous retreat up the desolate, single line railway to Harbin, 350 miles away.

Meager reports have been received from a Russian source of a fight eight miles south of Tie pass between a Russian force under General Mischenko and a Japanese column. The Japanese were repulsed, it is said, with a loss of 1,000 killed.

The rumor that after the evacuation of Mukden eighty foreigners, including an American newspaper correspondent, had been murdered by Chinese is discredited by the fact that the correspondent in question, Richard H. Little of the Chicago Daily News, reported to his paper on March 14 that he had been captured by the Japanese and was leaving Yinkow for Kobe.

A steamer arriving at Singapore reports having passed a squadron of twenty-two Jap warships about twenty miles east of the entrance to the Straits of Malacca. Two Japanese cruisers and two auxiliary cruisers previously arrived at Singapore. Presumably these vessels are on the way westward in search of the Russian Second Pacific Squadron, last reported in Madagascar waters.

**JAPS TAKE TIE PASS**

**COMPEL RUSSIANS TO ABANDON THE LAST STRONG POSITION BELOW HARBIN.**

Newchwang, March 16.—Tie pass was captured and occupied by the Japanese Wednesday midnight.

Oyama's main front is north and south of Fan river, which runs northward after crossing the railroad. His extreme right, under General Kawamura, of whose movements Kuropatkin evidently has no knowledge, is pushing rapidly on Santoupu, eight miles north of Tie pass, to which place the Russian leader apparently has transferred his official headquarters. Marshal Oyama's extreme left is thought to be between the pass and the Tie river. It is said to have passed Mafengchiang, a town on the line with Tie pass, and four miles to the west, and it is supposed to be directed

against Kaofichan, midway between Tie pass and Santoupu.

If the right and left extremities of the Japanese flanks close on the railway and military road above the pass, Kuropatkin will be surrounded.

**RESERVES FORMED CONSPIRACY.**

Five of Them Executed and Twelve Others Imprisoned.

Warsaw, March 16.—Reservists who were waiting in the barracks at Wolkow, government of Grodne, formed a conspiracy to foment organized disturbances among the troops in order to avoid being sent to Manchuria. The offenders were court-martialed, five of them condemned to death and executed on March 13 and four were sentenced for life and eight for twenty years of penal servitude.

The mobilization of the Fifteenth and the Nineteenth corps, stationed in Poland, is expected shortly.

The attempt to call out the reserves in the government of Siedlice, which is the center of the peasant agitation, is certain to meet with violent opposition.

**JAPS START FOR VLADIVOSTOK.**

Islanders Will Besiege Only Russian Seaport in the Orient.

St. Petersburg, March 16.—Retreat to Harbin has been decided on the moment after the troops have been organized at Tie pass and have rested. The Japanese are making a grand movement toward Vladivostok. It is said they have cut the Tokio wire to prevent the news getting out.

**CORRESPONDENT NOT KILLED.**

Richard Little of Chicago Safe and Going to Japan.

Chicago, March 16.—Word received Tuesday from Richard Little said that he had left Liaoyang by way of Newchwang for Kobe, Japan, in charge of Japanese officers. He was reported safe and well.

**BEARING MRS. STANFORD'S BODY.**

Steamer Alameda Sails From Honolulu for San Francisco.

Honolulu, March 16.—The body of Mrs. Jane Lathrop Stanford, who died at the Moana hotel on Feb. 20, during the morning was taken to the Congregational Central Union church, where funeral services were held. The big church was crowded. Services were opened by the Rev. William Kincaid and the Episcopal burial service was read by Bishop Henry B. Restarick. At the conclusion of the service the body was placed on board the steamer Alameda.

Miss Bertha Berner and Miss May Hunt were accompanied on board the vessel by Deputy High Sheriff Rawlins.

President Jordan and Timothy Hopkins also went aboard.

The Alameda then left the wharf and began her voyage to San Francisco.

President Jordan and Mr. Hopkins issued a signed statement saying they did not believe Mrs. Stanford was poisoned and that her death was due to a combination of conditions and circumstances, among them being advanced age, unaccustomed exertion, surfeit of unsuitable food and unusual exposure at the picnic on the day of her death.

**LEWIS PLEADS GUILTY.**

Defaulting Secretary of North Dakota Concern Goes to Prison.

Grand Forks, N. D., March 16.—Justin N. Lewis, the defaulting secretary of the Grand Forks Mercantile company, pleaded guilty here during the day to theft of \$100 and was sentenced to three years and a half in the penitentiary. He embezzled \$35,000 in all and 211 charges still remain against him.

## SEVERAL LIVES LOST

STORM ALONG THE ENGLISH AND IRISH COASTS CAUSES IMMENSE DAMAGE.

**MANY SHIPS ARE WRECKED**

TWENTY-THREE PERSONS PERISH IN THE SINKING OF ONE VESSEL ALONE.

London, March 16.—A storm of hurricane force burst over the Irish and English coasts during the night and it is feared that many disasters have occurred, but the telegraph lines are broken at many points.

The storm swept over the north of Ireland early in the morning and did great damage to property.

Fears are entertained for the safety of the fishing fleets.

The high winds have caused considerable havoc along the coasts of the United Kingdom. Telegraphic communication is cut off. The lifeboat stations are busy and shipping everywhere is seeking shelter. Numbers of minor wrecks, accompanied by loss of life, have been reported. Terrible seas are running.

The British ship Khyber has been totally wrecked off the Cornish coast. Twenty-three of her crew were drowned and three were saved. The Khyber sailed from Melbourne, Australia, Oct. 24 for Queenstown.

Latest accounts of the gale show that the wind had the tremendous velocity of from 70 to 100 miles an hour and that much property on land as well as at sea was destroyed throughout the three kingdoms.

Survivors of the ship Khyber relate a terrible tale of the awful night which they experienced. Many other vessels were driven ashore, including the British cruiser Kent in the Firth of Forth, but no further loss of life has yet been reported.

**JAPS EXPECTED PRISONERS.**

Ordered Flour for Those They Captured at Mukden.

Minneapolis, March 16.—Minneapolis flour mills will be busy for many days as an order, kept secret until now, from the Japanese government asks for enough flour to supply prisoners captured by the Japanese at Mukden.

"We noticed right after the fall of Port Arthur, when the Japanese secured some 40,000 prisoners, the demand for large quantities of flour," said a prominent miller during the day.

"The flour we are furnishing is not the very best flour, but it is good flour. After the first shipments following the fall of Port Arthur there was a lull in trade, but directly after the battle of Mukden the Japanese, as if certain they would capture an immense num-

ber of prisoners, began buying of us.

"There is no doubt but what Japanese intend the flour for use of Russian prisoners, as Russians go in strong for 'black bread,' which, so far as we are advised, is not an article of food with Japanese."

**WITTE'S PRESTIGE DECLINING.**

Little Prospect of Him Becoming Russia's Bismarck.

St. Petersburg, March 16.—The prospects of M. Witte becoming the Bismarck of the present Russian situation is rapidly vanishing. Three months ago, when Emperor Nicholas entrusted the elaboration of the reform manifesto of Dec. 25 to Witte's care, the popular impression was that Witte would forge rapidly to the front and gather the reins into his hands. Instead, apparently he has hopelessly tangled himself in a number of commissions, giving his enemies a chance to make good use of the fact that the situation has become worse instead of better since he appeared on the scene, to discredit him.

M. Witte himself is said to realize that he made fatal blunder by not holding aloof until the emperor should be compelled to turn to him with an offer of dictatorial powers. Witte is now represented greatly dissatisfied with his position, and his early retirement will be no great surprise.

**PATRONIZED BY WOMEN.**

New York Police Raid a Gambling House.

New York, March 16.—The police during the day raided a poolroom and gambling house in Forty-second street which they declare was patronized almost exclusively by wives of wealthy New Yorkers. The evidence was obtained by a woman detective. The alleged poolroom was situated in a fashionable apartment house. The police had to break down two doors to reach the room. Their entrance was followed by a scene of wild excitement, the women, most of whom were gathered around roulette tables, screaming and attempting to escape by the windows and doors. After they had given their names and addresses, the women were allowed to go.

**FRAZIER WILL SUCCEED BATE.**

Governor of Tennessee Will Be Senator From That State.

Nashville, Tenn., March 16.—Governor James B. Frazier was nominated by acclamation in joint Democratic caucus in the afternoon for United States senator to succeed the late General W. B. Bate. Ex-Governor Robert L. Taylor and Ex-Governor Benton McMillin refused to go into the caucus. The nomination is equivalent to an election.

Mr. Frazier has served two months of his second term as governor of Tennessee. He will be succeeded as governor by Hon. John I. Cox, speaker of the state senate.

**Trial of Whiteman Begun.**

Buffalo, N. Y., March 16.—A jury in the case of Alonzo J. Whiteman was secured during the day, and his trial on a charge of larceny was begun. Mr. Southard of the City National bank of Hudson was the only witness called. Boothman, who was indicted on a similar charge, will be the state's principal witness, it is said.

## JAPS SURROUND TIE PASS

### And Russians Evacuate Same After Burning their Stores

### Russians Must Cut Way Out or Surrender—Fierce Fighting

SPECIAL TO THE DAILY DISPATCH:

St. Petersburg, March 16, 10:18 a. m.—Today's dispatches from the front show Field Marshal Oyama striking another serious blow at the defeated Russian army. The Japanese columns have worked around Tie Pass and desperate fighting occurred eight miles north. This move compelled Kuropatkin to evacuate his strong position at Tie Pass after burning stores. The Russians must now cut their way out or be surrounded.

### JAPS OCCUPY TIE PASS

KUROPATKIN'S TROOPS OUSTED  
FROM STRONG POSITION BY  
THE ISLANDERS.

### ADOPTS FLANKING TACTICS

FIELD MARSHAL OYAMA AGAIN  
TRYING TO SURROUND THE  
RUSSIAN FORCES.

A brief dispatch from Newchwang, unconfirmed from any other source, says the Japanese occupied Tie pass Wednesday at midnight. No details are given and it is not known what losses, if any, preceded the occupation of this important position by the Japanese. Even if the Russian army should escape the enveloping wings of Oyama's armies, it will still be in danger of annihilation, as it is reported to be almost destitute of transports, artillery and supplies and after being ousted from the strong position at Tie pass faces a difficult and dangerous retreat up the desolate, single line railway to Harbin, 350 miles away.

Meager reports have been received from a Russian source of a fight eight miles south of Tie pass between a Russian force under General Mischenko and a Japanese column, the identity of which is unknown. The Japanese were repulsed, it is said, with a loss of 1,000 killed.

The rumor that after the evacuation of Mukden eighty foreigners, including an American newspaper correspondent, had been murdered by Chinese is discredited by the fact that the correspondent in question, Richard H. Little of the Chicago Daily News, reported to his paper on March 14 that he had been captured by the Japanese and was leaving Yinkow for Kobe.

A steamer arriving at Singapore reports having passed a squadron of twenty-two Jap warships about twenty miles east of the entrance to the Straits of Malacca. Two Japanese cruisers and two auxiliary cruisers previously arrived at Singapore. Presumably these vessels are on the way westward in search of the Russian Second Pacific squadron, last reported in Madagascar waters.

### JAPS TAKE TIE PASS

COMPEL RUSSIANS TO ABANDON  
THE LAST STRONG POSITION  
BELOW HARBIN.

Newchwang, March 16.—Tie pass was captured and occupied by the Japanese Wednesday midnight.

Oyama's main front is north and south of Fan river, which runs northward after crossing the railroad. His extreme right, under General Kawamura, of whose movements Kuropatkin evidently has no knowledge, is pushing rapidly on Santoupu, eight miles north of Tie pass, to which place the Russian leader apparently has transferred his official headquarters. Marshal Oyama's extreme left is thought to be between the pass and the Tie river. It is said to have passed Mafengchlang, a town on the line with Tie pass, and four miles to the west, and it is supposed to be directed

against Kaofchan, midway between Tie pass and Santoupu.

If the right and left extremities of the Japanese flanks close on the railway and military road above the pass, Kuropatkin will be surrounded.

### RESERVES FORMED CONSPIRACY.

Five of Them Executed and Twelve Others Imprisoned.

Warsaw, March 16.—Reservists who were waiting in the barracks at Wolkowst, government of Grodne, formed a conspiracy to foment organized disturbances among the troops in order to avoid being sent to Manchuria. The offenders were court-martialed, five of them condemned to death and executed on March 13 and four were sentenced for life and eight for twenty years of penal servitude.

The mobilization of the Fifteenth and the Nineteenth corps, stationed in Poland, is expected shortly.

The attempt to call out the reserves in the government of Siedlec, which is the center of the peasant agitation, is certain to meet with violent opposition.

### JAPS START FOR VLADIVOSTOK.

Islanders Will Besiege Only Russian Seaport in the Orient.

St. Petersburg, March 16.—Retreat to Harbin has been decided on the moment after the troops have been organized at Tie pass and have rested. The Japanese are making a grand movement toward Vladivostok. It is said they have cut the Tokio wire to prevent the news getting out.

### CORRESPONDENT NOT KILLED.

Richard Little of Chicago Safe and Going to Japan.

Chicago, March 16.—Word received Tuesday from Richard Little said that he had left Liaoyang by way of Newchwang for Kobe, Japan, in charge of Japanese officers. He was reported safe and well.

### BEARING MRS. STANFORD'S BODY.

Steamer Alameda Sails From Honolulu for San Francisco.

Honolulu, March 16.—The body of Mrs. Jane Lathrop Stanford, who died at the Moana hotel on Feb. 20, during the morning was taken to the Congregational Central Union church, where funeral services were held. The big church was crowded. Services were opened by the Rev. William Kincaid and the Episcopal burial service was read by Bishop Henry B. Restarick. At the conclusion of the service the body was placed on board the steamer Alameda.

Miss Martha Berner and Miss May Hunt were accompanied on board the vessel by Deputy High Sheriff Rawlins.

President Jordan and Timothy Hopkins also went aboard.

The Alameda then left the wharf and began her voyage to San Francisco.

President Jordan and Mr. Hopkins issued a signed statement saying they did not believe Mrs. Stanford was poisoned and that her death was due to a combination of conditions and circumstances, among them being advanced age, unaccustomed exertion, surfeit of unsuitable food and unusual exposure at the picnic on the day of her death.

### LEWIS PLEADS GUILTY.

Defaulting Secretary of North Dakota Concern Goes to Prison.

Grand Forks, N. D., March 16.—Justin N. Lewis, the defaulting secretary of the Grand Forks Mercantile company, pleaded guilty here during the day to theft of \$100 and was sentenced to three years and a half in the penitentiary. He embezzled \$35,000 in all and 211 charges still remain against him.

### Free Instructions—Once More

Our free instructions in art needlework given last fall met with so much favor that we repeat the offer tomorrow—Friday. We will instruct you on any piece of needlework purchased of us and will make a special effort on Hardanger, scrim and cross stitch work. We will have competent instructors in every branch of the work.

**The Display**—Our complete spring showing is now in and the display is a handsome one. We have about twenty-five worked pieces to show which in itself is worthy of your attention. These we have for this occasion and will not be shown after this week.

**New Patterns**—The new line of pillows, table covers, stamped linens and all other fancy work pieces is much larger than we have ever shown. Some beautiful new things will be found in scrim, Filet, cross stitch and on linen crash.

**Buster Brown**—If there is a Miss in the house you wish to have begin art needlework have her come in and purchase some of the Buster Brown pieces and outline them. These are very nobby and make most excellent pieces for her to begin with.

## SEVERAL LIVES LOST

STORM ALONG THE ENGLISH AND  
IRISH COASTS CAUSES IM-  
MENSE DAMAGE.

### MANY SHIPS ARE WRECKED

TWENTY-THREE PERSONS PERISH  
IN THE SINKING OF ONE  
VESSEL ALONE.

London, March 16.—A storm of hurricane force burst over the Irish and English coasts during the night and it is feared that many disasters have occurred, but the telegraph lines are broken at many points.

The storm swept over the north of Ireland early in the morning and did great damage to property.

Fears are entertained for the safety of the fishing fleets.

The high winds have caused considerable havoc along the coasts of the United Kingdom. Telegraphic communication between London and many points is cut off. The lifeboat stations are busy and shipping everywhere is seeking shelter. Numbers of minor wrecks, accompanied by loss of life, have been reported. Terrible seas are running.

The British ship Khyber has been totally wrecked off the Cornish coast. Twenty-three of her crew were drowned and three were saved. The Khyber sailed from Melbourne, Australia, Oct. 24 for Queenstown.

Latest accounts of the gale show that the wind had the tremendous velocity of from 70 to 100 miles an hour and that much property on land as well as at sea was destroyed throughout the three kingdoms.

Survivors of the ship Khyber relate a terrible tale of the awful night which they experienced. Many other vessels were driven ashore, including the British cruiser Kent in the Firth of Forth, but no further loss of life has yet been reported.

### JAPS EXPECTED PRISONERS.

Ordered Flour for Those They Captured at Mukden.

Minneapolis, March 16.—Minneapolis flour mills will be busy for many days as an order, kept secret until now, from the Japanese government asks for enough flour to supply prisoners captured by the Japanese at Mukden.

"We noticed right after the fall of Port Arthur, when the Japanese secured some 40,000 prisoners, the demand for large quantities of flour," said a prominent miller during the day.

"The flour we are furnishing is not the very best flour, but it is good flour. After the first shipments following the fall of Port Arthur there was a lull in trade, but directly after the battle of Mukden the Japanese, as if certain they would capture an immense num-

ber of prisoners, began buying of us.

"There is no doubt but what Japanese intend the flour for use of Russian prisoners, as Russians go in strong for 'black bread,' which, so far as we are advised, is not an article of food with Japanese."

### WITTE'S PRESTIGE DECLINING.

Little Prospect of Him Becoming Russia's Bismarck.

St. Petersburg, March 16.—The prospects of M. Witte becoming the Bismarck of the present Russian situation is rapidly vanishing. Three months ago, when Emperor Nicholas entrusted the elaboration of the reform manifesto of Dec. 25 to Witte's care, the popular impression was that Witte would forge rapidly to the front and gather the reins into his hands. Instead, apparently he has hopelessly tangled himself in a number of commissions, giving his enemies a chance to make good use of the fact that the situation has become worse instead of better since he appeared on the scene, to discredit him.

M. Witte himself is said to realize that he made fatal blunder by not holding aloof until the emperor should be compelled to turn to him with an offer of dictatorial powers. Witte is now represented greatly dissatisfied with his position, and his early retirement will be no great surprise.

### PATRONIZED BY WOMEN.

New York Police Raid a Gambling House.

New York, March 16.—The police during the day raided a poolroom and gambling house in Forty-second street which they declare was patronized almost exclusively by wives of wealthy New Yorkers. The evidence was obtained by a woman detective. The alleged poolroom was situated in a fashionable apartment house. The police had to break down two doors to reach the room. Their entrance was followed by a scene of wild excitement, the women, most of whom were gathered around roulette tables, screaming and attempting to escape by the windows and doors. After they had given their names and addresses, the women were allowed to go.

### FRAZIER WILL SUCCEED BATE.

Governor of Tennessee Will Be Senator From That State.

Nashville, Tenn., March 16.—Governor James B. Frazier was nominated by acclamation in joint Democratic caucus in the afternoon for United States senator to succeed the late General W. B. Bate. Ex-Governor Robert L. Taylor and Ex-Governor Benton McMillin refused to go into the caucus. The nomination is equivalent to an election.

Mr. Frazier has served two months of his second term as governor of Tennessee. He will be succeeded as governor by Hon. John I. Cox, speaker of the state senate.

### Trial of Whiteman Begun.

Buffalo, N. Y., March 16.—A jury in the case of Alonzo J. Whiteman was secured during the day, and his trial on a charge of larceny was begun. Mr. Southard of the City National bank of Hudson was the only witness called. Boothman, who was indicted on a similar charge, will be the state's principal witness, it is said.

## HINTS ON ADVERTISING.

The Cincinnati Commercial Tribune under the caption "Advertising that Pays," points out two ways of gaining publicity, and it will require no deep penetration to see which kind will pay the advertiser:

"An Illinois gentleman evolved a most brilliant scheme for advertising his magnificent bargains. Procuring, through the boys of his town, an enormous number of cats, he placarded them with his advertisements and turned them adrift in the streets. The results cannot be said to have justified his expectations. Instead of going into the homes of the town, the cats took to the back alleys, and the humane officer took the enterprising advertiser before the police judge, who imposed a fine upon him in restraint of further exhibitions of advertising genius.

"It is not by trick advertising the merchant invites the customer to an inspection and purchase of his wares, but by the newspaper that goes into the homes, giving the news of the day as it should be given, omitting nothing that is news and commenting on the news in a spirit of fairness. Neither the public servant nor the dealer in goods that will not stand the test of public judgment likes the newspaper that goes into the home—back alley advertising suits them better. But it is the advertising in the home newspaper that brings together the dealer and the customer, and the public servant in line with his duty believe in the home newspaper and profit accordingly."

No matter how long you have had the cough; if it hasn't already developed into consumption Dr. Wood's Norway Pine Syrup will cure it.

## Some Election Aftermath.

At Aitkin after one of the hottest election contests ever waged there the old council was defeated, the president of the new council being J. B. Galarneau. The issue was municipal reform and retrenchment.

At Cass Lake Frank Gorenflo, a former Brainerd boy, was elected president of the village council.

In Polk county a sweeping victory for the anti-saloon element was the result of the Tuesday election, the towns on the Great Northern for 70 miles east of Crookston voting no license. Fertile, Twin Valley, Beltrami, Lengley, Fosston, McIntosh, Erskine and Mentor all went "dry."

At Wadena where the saloon men were in favor of no license, a peculiar stand for them to take, license carried by a vote of 205 to 103. The liquor dealers will have to stand the traffic there for another year at least.

At Hanley Falls where the battle was waged fiercely the defeat of the saloon advocates was accomplished by one vote, while at Hewitt the vote on license was a tie giving the saloon men another lease of life.

## PASSED BY THE HOUSE

## ANDERSON'S BILL CONVERTING

ALL INSURANCE FEES INTO STATE TREASURY.

## STATE HOME FOR AGED PERSONS

PROVIDED FOR IN A MEASURE IN THE SENATE.

St. Paul, March 16.—The Anderson bill, providing for turning into the state treasury all fees received by the state insurance commission for the valuation of policies of insurance companies, was passed by the house on Wednesday. In effect it takes away the gold mine enjoyed by the insurance commissioner the past four years and gives him a straight salary of \$2,500 a year. The bill passed by a vote of 76 to 16.

The committee on accounts and expenditures, in investigating the insurance department, advised that the fees be turned into the state treasury, and, at the same time, suggested as an offset that the salaries of the office be increased.

A bill putting the state oil inspection department, with its fifty or more deputies, out of business, was offered by P. A. Gandrud, and it transfers the oil inspection to the dairy and food department. As recompense for the added duties, he increases the food commissioner's salary \$1,000.

For the securing of a better grade of oil, the gravity test is provided, and where the fire test is used the standard is increased. Gasoline is also brought under the inspection laws.

## Demurrage Bill Passed.

The house by a vote of 108 to 7 passed the Nolan reciprocal demurrage bill. The bill was amended in several important particulars on the floor of the house, and the debate on the measure was at times dramatic.

The bill was considered along with the Putnam bill, which had been offered as a substitute for the Nolan bill.

W. A. Nolan offered a bill appropriating \$45,000 to support the state live stock sanitary board.

The committee on public health reported a new bill providing for civil service examination for food and dairy inspectors. An examining board is provided and selection of inspectors is to be made from a waiting list.

A married woman's property rights are established and dignified by a bill introduced by George E. Perley of Clay. The bill permits husband and wife to enter into contracts respecting property independent of their married relation.

J. A. Anderegg secured a reconsideration of the vote by which the school consolidation bill was lost, Tuesday. It was put back on general orders.

## HOME FOR AGED PERSONS.

Bill in the Senate to Provide a State Institution.

Senator Ward, by a bill introduced Wednesday, seeks to establish a state home for aged and infirm persons. The necessary site is not to exceed 160 acres and is to be selected by the state board of control, which will have jurisdiction over the institution. No more than \$12,000 is to be paid out in 1905.

The purchase of the institution is to provide a home for both sexes of all ages who, through old age or infirmity, are unable to take care of themselves and who have no visible means of support. Those having means of support must pay \$150 per annum.

Senator Calhoun proposes two measures, one of which provides that railroad companies in cities over 50,000 shall do nothing to impair street or roads at crossings so as to render them unsafe. The other bill is designed to safeguard life and property. It compels trains and cars to stop within from 50 to 150 feet of a crossing. The penalty is from \$25 to \$100.

Senator Brown introduced a bill which carries a total appropriation of \$69,000 to defray the expenses of the state board of health for the years 1906 and 1907.

## Rattlesnake Bill Passed.

Senator Lougen's rattlesnake bill passed the senate. The bill provides for a bounty of \$2 for each rattlesnake killed.

The first afternoon session was held Wednesday at the suggestion of Senator Lord, who stated that the senate was falling behind its work.

The senate judiciary committee brought in a report for indefinite postponement of the bill providing for carrying on a hail insurance business under state auspices. Senator Sundberg moved that the bill be printed and be placed to general orders. The committee's report, however, was upheld by a narrow majority, and the bill died ingloriously.

Senator Gjertsen's chiropractic bill was on the calendar and after a brief discussion went over.

The board of control reported to the senate on the feasibility of establishing a plant for the manufacture of harvester machines at the state prison. According to the report the project, while possible, is beset with many difficulties.

Senator Dale's anti-cigarette bill to prevent the sale of cigarettes and cigarette papers by retail dealers received its quietus by the close vote of 27 to 24. In committee of the whole it was discussed for an hour and finally recommended for indefinite postponement.

## HINTS ON ADVERTISING.

The Cincinnati Commercial Tribune under the caption "Advertising that Pays," points out two ways of gaining publicity, and it will require no deep penetration to see which kind will pay the advertiser:

"An Illinois gentleman evolved a most brilliant scheme for advertising his magnificent bargains. Procuring, through the boys of his town, an enormous number of cats, he placarded them with his advertisements and turned them adrift in the streets. The results cannot be said to have justified his expectations. Instead of going into the homes of the town, the cats took to the back alleys, and the humane officer took the enterprising advertiser before the police judge, who imposed a fine upon him in restraint of further exhibitions of advertising genius.

"It is not by trick advertising the merchant invites the customer to an inspection and purchase of his wares, but by the newspaper that goes into the homes, giving the news of the day as it should be given, omitting nothing that is news and commenting on the news in a spirit of fairness. Neither the public servant nor the dealer in goods that will not stand the test of public judgment likes the newspaper that goes into the home—back alley advertising suits them better. But it is the advertising in the home newspaper that brings together the dealer and the customer, and the public servant in line with his duty believe in the home newspaper and profit accordingly."

No matter how long you have had the cough; if it hasn't already developed into consumption Dr. Wood's Norway Pine Syrup will cure it.

## Some Election Aftermath.

At Aitkin after one of the hottest election contests ever waged there the old council was defeated, the president of the new council being J. B. Galarneau. The issue was municipal reform and retrenchment.

At Cass Lake Frank Gorenflo, a former Brainerd boy, was elected president of the village council.

In Polk county a sweeping victory for the anti-saloon element was the result of the Tuesday election, the towns on the Great Northern for 70 miles east of Crookston voting no license. Fertile, Twin Valley, Beltrami, Lengley, Fosston, McIntosh, Erskine and Mentor all went "dry."

At Wadena where the saloon men were in favor of no license, a peculiar stand for them to take, license carried by a vote of 205 to 103. The liquor dealers will have to stand the traffic there for another year at least.

At Hanley Falls where the battle was waged fiercely the defeat of the saloon advocates was accomplished by one vote, while at Hewitt the vote on license was a tie giving the saloon men another lease of life.

## PASSED BY THE HOUSE

ANDERSON'S BILL CONVERTING

ALL INSURANCE FEES INTO STATE TREASURY.

STATE HOME FOR AGED PERSONS

PROVIDED FOR IN A MEASURE IN THE SENATE.

St. Paul, March 16.—The Anderson bill, providing for turning into the state treasury all fees received by the state insurance commission for the valuation of policies of insurance companies, was passed by the house on Wednesday. In effect it takes away the gold mine enjoyed by the insurance commissioner the past four years and gives him a straight salary of \$2,500 a year. The bill passed by a vote of 76 to 16.

The committee on accounts and expenditures, in investigating the insurance department, advised that the fees be turned into the state treasury, and, at the same time, suggested as an offset that the salaries of the office be increased.

A bill putting the state oil inspection department, with its fifty or more deputies, out of business, was offered by P. A. Gandrud, and it transfers the oil inspection to the dairy and food department. As recompense for the added duties, he increases the food commissioner's salary \$1,000.

For the securing of a better grade of oil, the gravity test is provided, and where the fire test is used the standard is increased. Gasoline is also brought under the inspection laws.

## Demurrage Bill Passed.

The house by a vote of 108 to 7 passed the Nolan reciprocal demurrage bill. The bill was amended in several important particulars on the floor of the house, and the debate on the measure was at times dramatic.

The bill was considered along with the Putnam bill, which had been offered as a substitute for the Nolan bill.

W. A. Nolan offered a bill appropriating \$45,000 to support the state live stock sanitary board.

The committee on public health reported a new bill providing for civil service examination for food and dairy inspectors. An examining board is provided and selection of inspectors is to be made from a waiting list.

A married woman's property rights are established and dignified by a bill introduced by George E. Perley of Clay. The bill permits husband and wife to enter into contracts respecting property independent of their married relation.

J. A. Anderegg secured a reconsideration of the vote by which the school consolidation bill was lost, Tuesday. It was put back on general orders.

## HOME FOR AGED PERSONS.

Bill in the Senate to Provide a State Institution.

Senator Ward, by a bill introduced Wednesday, seeks to establish a state home for aged and infirm persons. The necessary site is not to exceed 160 acres and is to be selected by the state board of control, which will have jurisdiction over the institution. No more than \$12,000 is to be paid out in 1905.

The purchase of the institution is to provide a home for both sexes of all ages who, through old age or infirmity, are unable to take care of themselves and who have no visible means of support. Those having means of support must pay \$150 per annum.

Senator Calhoun proposes two measures, one of which provides that railroad companies in cities over 50,000 shall do nothing to impair street or roads at crossings so as to render them unsafe. The other bill is designed to safeguard life and property. It compels trains and cars to stop within from 50 to 150 feet of a crossing. The penalty is from \$25 to \$100.

Senator Brown introduced a bill which carries a total appropriation of \$69,000 to defray the expenses of the state board of health for the years 1906 and 1907.

## Rattlesnake Bill Passed.

Senator Lougen's rattlesnake bill passed the senate. The bill provides for a bounty of \$2 for each rattlesnake killed.

The first afternoon session was held Wednesday at the suggestion of Senator Lord, who stated that the senate was falling behind its work.

The senate judiciary committee brought in a report for indefinite postponement of the bill providing for carrying on a hail insurance business under state auspices. Senator Sundberg moved that the bill be printed and be placed to general orders. The committee's report, however, was upheld by a narrow majority, and the bill died ingloriously.

Senator Gjertsen's chiropractic bill was on the calendar and after a brief discussion went over.

The board of control reported to the senate on the feasibility of establishing a plant for the manufacture of harvester machines at the state prison. According to the report the project, while possible, is beset with many difficulties.

Senator Dale's anti-cigarette bill to prevent the sale of cigarettes and cigarette papers by retail dealers received its quietus by the close vote of 27 to 24. In committee of the whole it was discussed for an hour and finally recommended for indefinite postponement.

## UNDER SUPERVISION OF SPECIAL AGENT

A Change Made in the Manner of  
Final Proofs After May 1,  
1905

### DEPARTMENT SETS THE DATES

Special Agent Will be Present to  
Take Such Testimony as He  
Deems Necessary

There is to be a change in the manner of making final proofs in this district, according to instructions received at the office of Clerk of the District Court W. A. M. Johnston. A letter has been received from Register M. D. Taylor, of the St. Cloud land office, in which he states that pursuant to instructions from Special Agent S. J. Colter, of Duluth, in charge of the Eighth district, under date of February 21, proofs to be taken after May 1 are set on dates denoted in a tabulated form for the following places: Aitkin, Brainerd, Backus, Little Falls, Fergus Falls, Wadena, Long Prairie, Park Rapids, Walker and Pine City. The dates set at Brainerd for the taking of these final proofs are May 3, June 3, July 5 and August 3.

The government has made a change in the manner of taking the testimony. A special agent will be present on the date of said proofs and take such additional testimony as he deems necessary. The clerk of court is required to forward all the testimony to the St. Cloud office. The clerk of court is also required to send three notices instead of only two, for the reason that one copy of the testimony must be forwarded to the special agent at Duluth.

The letter giving the reason for this change sent out by the commissioner of the general land office is as follows:

"The purpose of the office in this matter is that dates and places for taking proofs outside of the local land office in each district shall be fixed by the special agent and the local officers, where applicants may submit final proof without unnecessary expense or trouble, and where the special agent can, in the interest of the government, attend to the taking of the proof. The office feels that when this plan is well understood claimants will see the advantages afforded for speedy action on their proofs and that the cases where the applicants insist on having their proof taken at other times and places will prove the exception when it is understood that such a course may result in delay in the consideration of such proof."

### HELD TO GRAND JURY

Colonel John M. Fuller, of Honey Grove, Tex., nearly met his Waterloo, from Liver and Kidney trouble. In a recent letter, he says: "I was nearly dead, of these complaints, and, although I tried my family doctor, he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold and guaranteed to cure Dyspepsia, Biliousness and Kidney Disease, by H. P. Dunn & Co., druggist, at 50c a bottle.

### MAUDE LISKE AND BENNIE FERGUSON HELD TO THE GRAND JURY ON AN ADULTERY CHARGE

Pursuant to adjournment the board met at 2 o'clock p. m. for the purpose of acting on petition and engineer's and viewers' report in ditch No. 7. All members present.

Moved and duly carried that the tile culvert provided for in engineer's report be substituted by a culvert built of tamarac poles, dimensions of said culvert to be 6 feet by 6 feet and 30 feet long. Moved and duly carried, that the petition, the engineer's and viewers' report in ditch No. 7 be accepted and said ditch established.

Board adjourned sine die.

## CASE WILL BE

### CARRIED UP

Case of E. Kronberg Against C.

A. Walker Tried Today in Municipal Court

### DEFENDANT WAS FOUND GUILTY

Of Violating the City Ordinance and Was Fined \$5 by Judge J. H. Warner.

A hearing in the case of Eric Kronberg vs. C. A. Walker was had this morning in the municipal court before Judge Warner, and at the conclusion of the evidence taken by the plaintiff, the defendant by his attorney waiving the right to adduce testimony, the court found Mr. Walker guilty of violating the city ordinance governing telephone rates and fined him \$5 or five days. Bail was fixed at \$50, which Mr. Walker furnished.

The case, of course, will be carried up to the district court.

The evidence introduced by the plaintiff was merely to show the existence of an agreement between Mr. Walker and the city and also in relation to the transfer of the franchise from C. N. Parker to the defendant.

The court was not inclined to pass on the validity of the ordinance anyway, and therefore the evidence taken was confined merely to the ordinance in question, No. 171. This case is not particularly a victory for the city, as it had been intended to carry the matter up, and it is not at all unlikely that the case will go to the supreme court before it is settled.

### MUSIC AND DRAMA.

#### "THE CRISIS" TONIGHT.

Tonight "The Crisis," the long looked for production, will be presented at the Brainerd opera house. The company has just finished engagements at Minneapolis, St. Paul and Duluth.

The engagement of Miss Nannette Comstock in Mr. Winston Churchill's dramatization of his own thrilling novel of love and war is justly considered one of the most important of the present season. The fact that Miss Comstock is starring under the management of James K. Hackett, the clever young actor manager who has come to the front so rapidly as a manager of high class attractions, is in itself a guarantee of the high artistic merit of the entertainment offered. Then, too, "The Crisis" needs no introduction to local playgoers. The play is recognized as the most popular of all American dramas and has a record for success of the most emphatic success kind. For three years the play has been before the public and it has yet to receive the faintest word of condemnation.

#### ST. PATRICK'S DAY ENTERTAINMENT.

The St. Patrick's Day entertainment tomorrow night at the Brainerd opera house will be one of the most interesting events of the season. Hon. J. A. Peterson, of Minneapolis, will deliver the address on this occasion and the program in addition to this will be varied and interesting. The seat sale opened this morning at H. P. Dunn & Co.'s drug store and there was a tremendous rush for seats and the indications are that the house will be packed.

The following program will be carried out:

### TWO CAMPERS DROWNED.

Terrific Waterspout and Hail Storm in Texas.

Austin, Tex., March 16.—A telephone message says that at 8 p. m. there was a terrific waterspout in Lufkin, causing the water to rise in the river and surrounding creeks at that point fourteen feet in five minutes, catching half a dozen campers in the bottoms and drowning two of them, four barely escaping with their lives.

Considerable stock was swept away. For thirty minutes hail is reported to have fallen to the depth of one and a half inches with such force as to damage many farmhouses.

## IS CHARGED

### WITH FRAUD

L. Sternberg Arrested Last Night by Sheriff Erickson on Complaint of J. M. Gray

### PAY FOR TEAM HIRE IS WANTED

Sternberg is Claimed to Have Hired Team and Never Paid it, Hired From Another

L. Sternberg was arrested last night by Sheriff Erickson and was locked up in the county jail charged with defrauding a livery keeper. J. M. Gray is the complaining witness.

Sternberg appeared in the municipal court this morning and by attorney, T. C. Blewitt, waived the reading of the complaint and asked that the case be tried at once. This was impossible, but the hearing was set for tomorrow morning at 10 o'clock. Bond was fixed at \$50 which was furnished.

It seems that Sternberg is a peddler and has been working around this country selling goods. He hired a team from J. M. Gray sometime ago and the bill run up to about \$15, and it is claimed that Sternberg never settled. On the last trip instead of going back to Gray's for a team he is said to have gone to the Graham Bros' livery and hired a team. On his return from the south last night he was arrested.

The offense in this state is punishable by a fine of \$100 or three months in the county jail.

## UNDER SUPERVISION OF SPECIAL AGENT

A Change Made in the Manner of  
Final Proofs After May 1,  
1905

### DEPARTMENT SETS THE DATES

Special Agent Will be Present to  
Take Such Testimony as He  
Deems Necessary

There is to be a change in the manner of making final proofs in this district, according to instructions received at the office of Clerk of the District Court W. A. M. Johnston. A letter has been received from Register M. D. Taylor, of the St. Cloud land office, in which he states that pursuant to instructions from Special Agent S. J. Colter, of Duluth, in charge of the Eighth district, under date of February 21, proofs to be taken after May 1 are set on dates denoted in a tabulated form for the following places: Aitkin, Brainerd, Backus, Little Falls, Fergus Falls, Wadena, Long Prairie, Park Rapids, Walker and Pine City. The dates set at Brainerd for the taking of these final proofs are May 3, June 3, July 5 and August 3.

The government has made a change in the manner of taking the testimony. A special agent will be present on the date of said proofs and take such additional testimony as he deems necessary. The clerk of court is required to forward all the testimony to the St. Cloud office. The clerk of court is also required to send three notices instead of only two, for the reason that one copy of the testimony must be forwarded to the special agent at Duluth.

The letter giving the reason for this change sent out by the commissioner of the general land office is as follows:

"The purpose of the office in this matter is that dates and places for taking proofs outside of the local land office in each district shall be fixed by the special agent and the local officers, where applicants may submit final proof without unnecessary expense or trouble, and where the special agent can, in the interest of the government, attend to the taking of the proof. The office feels that when this plan is well understood claimants will see the advantages afforded for speedy action on their proofs and that the cases where the applicants insist on having their proof taken at other times and places will prove the exception when it is understood that such a course may result in delay in the consideration of such proof."

### THE COLONEL'S WATERLOO.

## CASE WILL BE CARRIED UP

Case of E. Kronberg Against C.  
A. Walker Tried Today in  
Municipal Court

### DEFENDANT WAS FOUND GUILTY

Of Violating the City Ordinance  
and Was Fined \$5 by Judge  
J. H. Warner.

A hearing in the case of Eric Kronberg vs C. A. Walker was had this morning in the municipal court before Judge Warner, and at the conclusion of the evidence taken by the plaintiff, the defendant by his attorney waiving the right to adduce testimony, the court found Mr. Walker guilty of violating the city ordinance governing telephone rates and fined him \$5 or five days. Bail was fixed at \$50, which Mr. Walker furnished.

The case, of course, will be carried up to the district court.

The evidence introduced by the plaintiff was merely to show the existence of an agreement between Mr. Walker and the city and also in relation to the transfer of the franchise from C. N. Parker to the defendant.

The court was not inclined to pass on the validity of the ordinance anyway, and therefore the evidence taken was confined merely to the ordinance in question, No. 171. This case is not particularly a victory for the city, as it had been intended to carry the matter up, and it is not at all unlikely that the case will go to the supreme court before it is settled.

## MUSIC AND DRAMA.

### "THE CRISIS" TONIGHT.

Tonight "The Crisis," the long looked for production, will be presented at the Brainerd opera house. The company has just finished engagements at Minneapolis, St. Paul and Duluth.

The engagement of Miss Nannette Comstock in Mr. Winston Churchill's dramatization of his own thrilling novel of love and war is justly considered one of the most important of the present season. The fact that Miss Comstock is starring under the management of James K. Hackett, the clever young actor manager who has come to the front so rapidly as a manager of high class attractions, is in itself a guarantee of the high artistic merit of the entertainment offered. Then, too, "The Crisis" needs no introduction to local playgoers. The play is recognized as the most popular of all American dramas and has a record for success of the most emphatic success kind. For three years the play has been before the public and it has yet to receive the faintest word of condemnation.

### TWO CAMPERS DROWNED.

Terrific Waterspout and Hail Storm in Texas.

Austin, Tex., March 16.—A telephone message says that at 8 p. m. there was a terrific waterspout at Lufkin, causing the water to rise in the river and surrounding creeks at that point fourteen feet in five minutes, catching half a dozen campers in the bottoms and drowning two of them, four barely escaping with their lives.

Considerable stock was swept away. For thirty minutes hail is reported to have fallen to the depth of one and a half inches with such force as to damage many farmhouses.

L. Sternberg Arrested Last Night  
by Sheriff Erickson on Complaint of J. M. Gray

### PAY FOR TEAM HIRE IS WANTED

Sternberg is Claimed to Have  
Hired Team and Never Paid  
it, Hired From Another

L. Sternberg was arrested last night by Sheriff Erickson and was locked up in the county jail charged with defrauding a livery keeper. J. M. Gray is the complaining witness.

Sternberg appeared in the municipal court this morning and by attorney, T. C. Blewitt, waived the reading of the complaint and asked that the case be tried at once. This was impossible, but the hearing was set for tomorrow morning at 10 o'clock. Bond was fixed at \$50 which was furnished.

It seems that Sternberg is a peddler and has been working around this country selling goods. He hired a team from J. M. Gray sometime ago and the bill run up to about \$15, and it is claimed that Sternberg never settled. On the last trip instead of going back to Gray's for a team he is said to have gone to the Graham Bros.' livery and hired a team. On his return from the south last night he was arrested.

The offense in this state is punishable by a fine of \$100 or three months in the county jail.

### TWO CAMPERS DROWNED.

Terrific Waterspout and Hail Storm in Texas.

Austin, Tex., March 16.—A telephone message says that at 8 p. m. there was a terrific waterspout at Lufkin, causing the water to rise in the river and surrounding creeks at that point fourteen feet in five minutes, catching half a dozen campers in the bottoms and drowning two of them, four barely escaping with their lives.

Considerable stock was swept away. For thirty minutes hail is reported to have fallen to the depth of one and a half inches with such force as to damage many farmhouses.

## IS CHARGED WITH FRAUD

L. Sternberg Arrested Last Night  
by Sheriff Erickson on Com-  
plaint of J. M. Gray

### PAY FOR TEAM HIRE IS WANTED

Sternberg is Claimed to Have  
Hired Team and Never Paid  
it, Hired From Another

L. Sternberg was arrested last night by Sheriff Erickson and was locked up in the county jail charged with defrauding a livery keeper. J. M. Gray is the complaining witness.

Sternberg appeared in the municipal court this morning and by attorney, T. C. Blewitt, waived the reading of the complaint and asked that the case be tried at once. This was impossible, but the hearing was set for tomorrow morning at 10 o'clock. Bond was fixed at \$50 which was furnished.

It seems that Sternberg is a peddler and has been working around this country selling goods. He hired a team from J. M. Gray sometime ago and the bill run up to about \$15, and it is claimed that Sternberg never settled. On the last trip instead of going back to Gray's for a team he is said to have gone to the Graham Bros.' livery and hired a team. On his return from the south last night he was arrested.

The offense in this state is punishable by a fine of \$100 or three months in the county jail.

## Build Up Your System!

Neglect and carelessness are the general causes of all disease.

People never become dangerously sick until after nature has given them many warnings.

The great mistake is not paying attention to these warnings.

When you feel "run down," "used up," "nervous," tired most of the time—it means that something is wrong and nature is warning you.

You need more nerve force to build up your system.

Strengthen your nerves, increase your nerve force and your health will take care of itself.

Science with its unerring methods of research has proved that the various organs and tissues of the body continue in health and perform their work properly as long as their nerve supply retains its vigor and strength.

But if the nerves degenerate or lose power from poor nourishment or any other cause, the entire physiological mechanism of the body is thrown out of gear and we have as a result some "run-down" condition or disease.

The heart, the stomach, the liver, all have their great nerve centres which supply them with the power to work properly. When these nerve centres are weakened these important organs cannot act properly.

"For five years I was in very bad health and the doctors and medicine failed to help me, until I became seriously ill, and then I began using Paine's Celery Compound. I derived great benefit from it at once. I commenced to gain in weight and gained thirty-nine pounds in three months. It gave me great strength and built up my entire system. I have recommended it to some of my friends and it did them a great deal of good."—O. M. Pearson, Seattle, Wash.

Prof. Phelps, of Dartmouth University, was the first physician to enunciate the principle which today is recognized as one of the foundations of the science of medicine,—the great enlightening truth, that the nerve system rules all the body's health.

The nerves must have food to keep up their strength. Their food is not the same food that we usually know.

He sought and found the food that builds up and restores the nerves—his celery formula, which has become famous as Paine's Celery Compound—the celebrated nerve vitalizer and tonic.

Paine's Celery Compound is giving new nerve force to thousands every day by feeding and restoring the nerves to their full strength. It never fails to build up a run down system to full, ruddy health.

Two days' treatment proves its marvelous power. It braces you up. You feel better at once.

Sick headache, palpitation, dizziness, and heartburn are usually relieved by a single dose of Paine's Celery Compound.

Remember this,—Paine's Celery Compound is the prescription of one of the most famous physicians this country has ever known, and all reputable Druggists sell and recommend it.

## TO END THE CONTEST

FOLLOWERS OF M'DONALD LIABLE  
TO STAMPEDE TO PEABODY  
AND ELECT HIM.

LATTER WOULD THEN RESIGN

AND THE LIEUTENANT GOVERNOR  
WOULD BECOME GOVERNOR  
OF COLORADO.

Denver, March 16.—The end of the Peabody and Adams gubernatorial contest will come when the Republicans opposed to Peabody decide to bring the question to a vote in the joint assembly. This would be done at once were it not for the fact that five of the twenty-two Republicans known as McDonald men are uncertain qualities and may at any moment stampede to Peabody and give him a majority.

It is conceded that seventeen of the twenty-two favor retaining Governor Adams in the chair, and will never vote to seat Peabody permanently. They may eventually, in order to wind up the contest, vote to seat Peabody temporarily, depending on him to resign and allow Lieutenant Governor McDonald to take the governorship by order of succession.

In caucus at night this plan was canvassed and it is reliably reported that Peabody signed an undated resignation of the governorship and placed it in the hands of a third person to be given to the McDonald Republicans whenever they are ready to seat him. They would then have the power to force him out by handing the resignation to the secretary of state and thus effect the succession of McDonald.

MRS. DUKE SEEKS SEPARATION.

Brings Suit in the New York Supreme Court.

New York, March 16.—Mrs. Alice Webb Duke through her counsel has brought suit in the supreme court for a separation from her husband, Brodie L. Duke, on the ground of abandonment and nonsupport. Duke's marriage to Mrs. Webb a few weeks ago was followed by a series of sensational incidents, including the confinement of the groom in a sanitarium for a time upon the allegations of his son that he was incompetent to manage his affairs. He was subsequently released after the case had been tried in the supreme court. Later Mrs. Webb was arrested on an indictment returned by a Texas grand jury charging her with obtaining money under false pretenses, but she was soon released at the request of the Texas authorities.

T. Johnson, Detroit; head escort, Harlo Widrig, Mount Clemens, Mich.; head sentinel, W. A. Graves, Minneapolis.

The head camp will be held in Minneapolis in 1907.

TWO CHILDREN CREMATED.

Burned to Death While Their Parents Were Absent.

Marquette, Mich., March 16.—During the absence of their mother, who had gone to the grocery store two miles away, fire destroyed the home of a Finnish teamster at Jenks Spur during the day and two children, aged six and four, perished. It is supposed the youngsters played with the fire in the kitchen stove.

## ADOPT FLANKING TACTICS.

Japs Again Attempt to Surround Russian Forces.

St. Petersburg, March 16.—Flanking tactics by the Japanese apparently are in progress again, the Associated Press correspondent who remained near Tie pass telegraphing that General Mistchenko on March 14 engaged a Japanese force on the Russian right. It is possible that the attacking force was a Japanese column which disappeared from observation during the battle of Mukden.

The Japanese do not appear to have renewed the frontal attack up to noon Wednesday, the demonstration on Tuesday having shown that the Russians were prepared to make a determined resistance.

The office of the censor has already been removed to Santoupi, eight miles north of Tie pass, and there are intimations that the censor's office may soon be established even farther north. The Associated Press correspondent, though saying nothing regarding the commissariat arrangements for the troops, declares that the newspaper correspondents have been starved out of Tie pass. This may, perhaps, be an indication of the amount of food available for the army, immense quantities of which were destroyed at Mukden, where almost all the reserve commissariat had been accumulated.

The rumor of the murder of eighty foreigners, including Richard H. Little, correspondent of the Chicago Daily News, at Mukden is believed to be unfounded. It is assumed that they may have been captured by the Japanese, as it has already been reported that a French correspondent, M. Nadeau, is in the hands of the Japanese.

It is rumored that an order for another general mobilization is preparing and that a new army will be forwarded to Manchuria as fast as possible by railway and the summer steamer service.

## JAPS LOST HEAVILY

LEFT ONE THOUSAND DEAD ON  
THE BATTLEFIELD BELOW  
TIE PASS.

Santoupi, March 16.—A sanguinary combat occurred on March 14 on the center line of the Russian army eight miles south of Tie pass. The Russians repulsed the attack and even made a small advance. The Japanese left 1,000 dead on the battlefield. The Japanese advanced a large force on the right flank, where General Mistchenko, who has taken command of his detachment though his wound has not yet healed, is holding the Japanese in check. The Russian troops have regained their normal spirits, and fought cheerfully.

It is rumored that Chinese killed eighty foreigners in Mukden after the Russian evacuation of that place, including, it is said, Correspondent Richard H. Little of the Chicago Daily News. The fate of M. Nadeau, a French newspaper correspondent who lived with Mr. Little, is unknown. A message was sent to Field Marshal Oyama Wednesday asking for information as to the fate of the two correspondents. M. Nadeau is reported to have been captured by the Japanese.

The office of the censor has been removed to Santoupi, eight miles north of Tie pass, as existence at Tie pass for civilians is almost impossible. Nearly all newspaper correspondents have left for Harbin. For several nights the Associated Press correspondent has slept without covering on the frosty ground and for two days he had nothing to eat.

CONGRATULATES HIS ARMIES.

Emperor of Japan Lauds Victorious Manchurian Forces.

Tokio, March 16.—The emperor of Japan has sent the following message to his victorious Manchurian armies: "Since autumn the enemy erected strong defenses around Mukden, held the district with a superior force and was confident of victory. Our Manchurian armies, however, forestalling the enemy, boldly and vigorously assumed the offensive and, after strenuously fighting for more than ten days and nights, through snow and biting wind, defeated their strong foe, driving him to Tie pass, taking tens of thousands of prisoners, and otherwise inflicting serious injuries.

"By this signal victory our Manchurian armies have enhanced the military prestige of our country at home and abroad. We are deeply gratified by the courage and endurance with which our officers and men have been able to achieve such a great success, and we look to you for even greater exertions in the future."

JAP WARSHIPS SIGHTED.

Twenty-two of Them Reported Off Singapore.

London, March 16.—A dispatch to Lloyds, dated Singapore, 6 p. m., says the British steamer Hongwan I reports having passed twenty-two Japanese warships off Horsburgh, twenty miles east of Singapore, at the entrance to the Straits of Malacca.

A dispatch from Singapore to the Daily Express, dated March 15, says: "The Japanese fleet departed this afternoon."

Old Pacing Champion Dead.

New York, March 16.—Direct, 2:05 1/4, formerly the champion pacing stallion and sire of many grand circuit winners, dropped dead of rupture of the heart at Eastview Farm, James Butler's stock farm, during the day. He was valued at about \$50,000.

## LEADERS ALL AT SEA

REPUBLICANS OF THE SENATE  
DESPAIR OF RATIFYING DOMINICAN TREATY.

Washington, March 16.—Republican leaders of the senate are all at sea respecting the action advisable to take in regard to the Santo Domingo treaty. Recognizing that the Democrats control more than one-third of the votes and that two-thirds are required to ratify the convention, the sentiment of the Republican leaders is that the treaty should be withdrawn by the president.

On this subject the senate and the president do not agree and the idea prevails that after one or two days more of inconsequential discussion the special session of the senate will be allowed to adjourn without date and the treaty to lapse. But this plan is not popular in the senate, which is seeking a way to avoid it.

The debate during the day was interesting in spite of the fact that it was broken up by questions from both sides of the chamber. As in the preceding discussions party lines were drawn. The Republicans supported the treaty and the Democrats opposed it.

Even the most sanguine Republicans can see no way of getting nearer than within three votes of ratification of the treaty.

OFFICER FATALLY WOUNDED.

Made an Attempt to Escape So That He Would Be Killed.

Vancouver Barracks, Wash., March 16.—Lieutenant Francis M. Boone, who was ordered discharged from the United States army Tuesday on the charges of desertion, absence without leave, nonpayment of debts, and conduct unbecoming an officer, during the day made a dash from his guard with deliberate suicidal intent, it is reported, and before recapture was shot and probably fatally wounded.

Officers were conducting Boone from the guard house to the garrison hospital, when Boone broke away and started to run. He was ordered to halt, but paid no attention to the command, and the guards opened fire. One bullet out of the five fired at the prisoner hit Boone in the head, above the right ear. Another broke his collar bone. Boone rose to the office of lieutenant from the ranks. He is said to belong to a wealthy New York family. He has a wife and child in San Francisco.

## No Knife Needed

Piles can be cured by internal treatment. To get at the cause—that is the secret, and that is why Dr. Perrin's Pile Specific is so universally successful in its results. It increases the flow of digestive juices in the stomach—accelerates the action of the liver. With congestion of the liver removed and constipation relieved, the two chief and distinct causes of piles are reached and conquered.

## Dr. Perrin's Pile Specific The Internal Remedy

For dyspepsia, indigestion, constipation, biliousness, catarrh of the stomach and kindred ailments it is the greatest remedy that has ever yet benefited mankind.

Certain in its results, this remedy will cure the most obstinate case of Piles.

TWO CHILDREN CREMATED.

Burned to Death While Their Parents Were Absent.

Marquette, Mich., March 16.—During the absence of their mother, who had gone to the grocery store two miles away, fire destroyed the home of a Finnish teamster at Jenks Spur during the day and two children, aged six and four, perished. It is supposed the youngsters played with the fire in the kitchen stove.

## A Farm Bargain

This agency has secured the sale of a farm at the edge of town. We consider it a splendid value for anyone wanting a good farm. Unless sold this month it will be leased for a term of years. ADOPT FLANKING TACTICS.

Japs Again Attempt to Surround Russian Forces.

St. Petersburg, March 16.—Flanking tactics by the Japanese apparently are in progress again, the Associated Press correspondent who remained near Tie pass telegraphing that General Mischenko on March 14 engaged a Japanese force on the Russian right. It is possible that the attacking force was a Japanese column which disappeared from observation during the battle of Mukden.

The Japanese do not appear to have renewed the frontal attack up to noon Wednesday, the demonstration on Tuesday having shown that the Russians were prepared to make a determined resistance.

The office of the censor has already been removed to Santoupu, eight miles north of Tie pass, and there are intimations that the censor's office may soon be established even farther north. The Associated Press correspondent, though saying nothing regarding the commissariat arrangements for the troops, declares that the newspaper correspondents have been starved out of Tie pass. This may, perhaps, be an indication of the amount of food available for the army, immense quantities of which were destroyed at Mukden, where almost all the reserve commissariat had been accumulated.

The rumor of the murder of eighty foreigners, including Richard H. Little, correspondent of the Chicago Daily News, at Mukden is believed to be unfounded. It is assumed that they may have been captured by the Japanese, as it has already been reported that a French correspondent, M. Nadeau, is in the hands of the Japanese.

It is rumored that an order for another general mobilization is preparing and that a new army will be forwarded to Manchuria as fast as possible by railway and the summer steamer service.

## JAPS LOST HEAVILY

LEFT ONE THOUSAND DEAD ON  
THE BATTLEFIELD BELOW  
TIE PASS.

Santoupu, March 16.—A sanguinary combat occurred on March 14 on the center line of the Russian army eight miles south of Tie pass. The Russians repulsed the attack and even made a small advance. The Japanese left 1,000 dead on the battlefield. The Japanese advanced a large force on the right flank, where General Mischenko, who has taken command of his detachment though his wound has not yet healed, is holding the Japanese in check. The Russian troops have regained their normal spirits, and fought cheerfully.

It is rumored that Chinese killed eighty foreigners in Mukden that the Russian evacuation of that place, including, it is said, Correspondent Richard H. Little of the Chicago Daily News. The fate of M. Nadeau, a French newspaper correspondent who lived with Mr. Little, is unknown. A message was sent to Field Marshal Oyama Wednesday asking for information as to the fate of the two correspondents. M. Nadeau is reported to have been captured by the Japanese.

The office of the censor has been removed to Santoupu, eight miles north of Tie pass, as existence at Tie pass for civilians is almost impossible. Nearly all newspaper correspondents have left for Harbin. For several nights the Associated Press correspondent has slept without covering on the frosty ground and for two days he had nothing to eat.

CONGRATULATES HIS ARMIES.

Emperor of Japan Lauds Victorious Manchurian Forces.

Tokio, March 16.—The emperor of Japan has sent the following message to his victorious Manchurian armies: "Since autumn the enemy erected strong defenses around Mukden, held the district with a superior force and was confident of victory. Our Manchurian armies, however, forestalling the enemy, boldly and vigorously assumed the offensive and, after strenuously fighting for more than ten days and nights, through snow and biting wind, defeated their strong foe, driving him to Tie pass, taking tens of thousands of prisoners, and otherwise inflicting serious injuries.

"By this signal victory our Manchurian armies have enhanced the military prestige of our country at home and abroad. We are deeply gratified by the courage and endurance with which our officers and men have been able to achieve such a great success, and we look to you for even greater exertions in the future."

JAP WARSHIPS SIGHTED.

Twenty-two of Them Reported Off Singapore.

London, March 16.—A dispatch to Lloyds, dated Singapore, 6 p. m., says the British steamer Hongwan I. reports having passed twenty-two Japanese warships off Horsburgh, twenty miles east of Singapore, at the entrance to the Straits of Malacca.

A dispatch from Singapore to the Daily Express, dated March 15, says: "The Japanese fleet departed this afternoon."

Old Pacing Champion Dead.

New York, March 16.—Direct, 2:05 1/4, formerly the champion pacing stallion and sire of many grand circuit winners, dropped dead of rupture of the heart at Eastview Farm, James Butler's stock farm, during the day. He was valued at about \$50,000.

## LEADERS ALL AT SEA

REPUBLICANS OF THE SENATE

DESPAIR OF RATIFYING DOMINICAN TREATY.

Washington, March 16.—Republican leaders of the senate are all at sea respecting the action advisable to take in regard to the Santo Domingo treaty. Recognizing that the Democrats control more than one-third of the votes and that two-thirds are required to ratify the convention, the sentiment of the Republican leaders is that the treaty should be withdrawn by the president.

On this subject the senate and the president do not agree and the idea prevails that after one or two days more of inconsequential discussion the special session of the senate will be allowed to adjourn without date and the treaty to lapse. But this plan is not popular in the senate, which is seeking a way to avoid it.

The debate during the day was interesting in spite of the fact that it was broken up by questions from both sides of the chamber. As in the preceding discussions party lines were drawn. The Republicans supported the treaty and the Democrats opposed it.

Even the most sanguine Republicans can see no way of getting nearer than within three votes of ratification of the treaty.

OFFICER FATALY WOUNDED.

Made an Attempt to Escape So That He Would Be Killed.

Vancouver Barracks, Wash., March 16.—Lieutenant Francis M. Boone, who was ordered discharged from the United States army Tuesday on the charges of desertion, absence without leave, nonpayment of debts, and conduct unbecoming an officer, during the day made a dash from his guard with deliberate suicidal intent, it is reported, and before recapture was shot and probably fatally wounded.

Officers were conducting Boone from the guard house to the garrison hospital, when Boone broke away and started to run. He was ordered to halt, but paid no attention to the command, and the guards opened fire. One bullet out of the five fired at the prisoner hit Boone in the head, above the right ear. Another broke his collar bone. Boone rose to the office of lieutenant from the ranks. He is said to belong to a wealthy New York family. He has a wife and child in San Francisco.

## Build Up Your System!

Neglect and carelessness are the general causes of all disease.

People never become dangerously sick until after nature has given them many warnings.

The great mistake is not paying attention to these warnings.

When you feel "run down," "used up," "nervous," tired most of the time—it means that something is wrong and nature is warning you.

You need more nerve force to build up your system.

Strengthen your nerves, increase your nerve force and your health will take care of itself.

Science with its unerring methods of research has proved that the various organs and tissues of the body continue in health and perform their work properly as long as their nerve supply retains its vigor and strength.

But if the nerves degenerate or lose power from poor nourishment or any other cause, the entire physiological mechanism of the body is thrown out of gear and we have as a result some "run-down" condition or disease.

The heart, the stomach, the liver, all have their great nerve centres which supply them with the power to work properly. When these nerve centres are weakened these important organs cannot act properly.

"For five years I was in very bad health and the doctors and medicine failed to help me, until I became seriously ill, and then I began using Paine's Celery Compound. I derived great benefit from it at once. I commenced to gain in weight and gained thirty-nine pounds in three months. It gave me great strength and built up my entire system. I have recommended it to some of my friends and it did them a great deal of good."—O. M. Pearson, Seattle, Wash.

Prof. Phelps, of Dartmouth University, was the first physician to enunciate the principle which today is recognized as one of the foundations of the science of medicine,—the great enlightening truth, that the nerve system rules all the body's health.

The nerves must have food to keep up their strength. Their food is not the same food that we usually know.

He sought and found the food that builds up and restores the nerves—his celery formula, which has become famous as Paine's Celery Compound—the celebrated nerve vitalizer and tonic.

Paine's Celery Compound is giving new nerve force to thousands every day by feeding and restoring the nerves to their full strength. It never fails to build up a run down system to full, ruddy health.

Two days' treatment proves its marvelous power. It braces you up. You feel better at once.

Sick headache, palpitation, dizziness, and heartburn are usually relieved by a single dose of Paine's Celery Compound.

Remember this—Paine's Celery Compound is the prescription of one of the most famous physicians this country has ever known, and all reputable Druggists sell and recommend it.

## TO END THE CONTEST

FOLLOWERS OF McDONALD LIABLE  
TO STAMPEDE TO PEABODY  
AND ELECT HIM.

LATTER WOULD THEN RESIGN

AND THE LIEUTENANT GOVERNOR  
WOULD BECOME GOVERNOR  
OF COLORADO.

Denver, March 16.—The end of the Peabody and Adams gubernatorial contest will come when the Republicans opposed to Peabody decide to bring the question to a vote in the joint assembly. This would be done at once were it not for the fact that five of the twenty-two Republicans known as McDonald men are uncertain qualities and may at any moment stampede to Peabody and give him a majority.

It is conceded that seventeen of the twenty-two favor retaining Governor Adams in the chair, and will never vote to seat Peabody permanently. They may eventually, in order to wind up the contest, vote to seat Peabody temporarily, depending on him to resign and allow Lieutenant Governor McDonald to take the governorship by order of succession.

In caucus at night this plan was canvassed and it is reliably reported that Peabody signed an undated resignation of the governorship and placed it in the hands of a third person to be given to the McDonald Republicans whenever they are ready to seat him. They would then have the power to force him out by handing the resignation to the secretary of state and thus effect the succession of McDonald.

MRS. DUKE SEEKS SEPARATION.  
Brings Suit in the New York Supreme Court.

New York, March 16.—Mrs. Alice Webb Duke through her counsel has brought suit in the supreme court for a separation from her husband, Brodie L. Duke, on the ground of abandonment and nonsupport. Duke's marriage to Mrs. Webb a few weeks ago was followed by a series of sensational incidents, including the confinement of the groom in a sanitarium for a time upon the allegations of his son that he was incompetent to manage his affairs. He was subsequently released after the case had been tried in the supreme court. Later Mrs. Webb was arrested on an indictment returned by a Texas grand jury charging her with obtaining money under false pretenses, but she was soon released at the request of the Texas authorities.
